About This Game

Hippocampus is a third person hack and slash with fast paced combat system and platform phases, focused on mutilations and different enemy behaviours. Play as Lord Moebius who made use of a dangerous hallucinogen, the datura stramonium, to make his memories vivid in order to meet again Lorelei, his lost betrothed. Face the monstrosities given birth by the hallucinations, solve environment puzzles to access new areas and discover the truth behind the disappearance of Lorelei.
